

Christians and Muslims: Side by Side and Face to Face

World Mission Conference

We need to meet Muslims 'face to face' – so that we can learn more about each other. We also need to find appropriate ways to work 'side by side' alongside members of the Muslim community for the good of our society. This conference will address why it is vital for Christian mission that we engage in dialogue with our Muslim neighbours and work towards mutual understanding for the peace of our world – and the well-being of society in Britain.

The Conference is sponsored by

Methodists for World Mission

The **Methodist** Church 

Christians Aware
